ENVIRONMENTAL POLICY

Ondaadiziwin Forest Management Inc. is firmly committed to leading the industry in minimizing the impact of its activities on the environment by:

- Practicing environmentally sound business practices designed to protect the environment by embracing traditional values while using the most sound and modern practices.
- Meeting or striving to exceed all provincial and federal environmental legislation and maintaining the ability to access up-to-date records of any existing legislative changes.
- Raising awareness of environmental issues through our training program and stressing the importance of always considering the impact to the environment when making an operational choice.
- Conducting both internal and third-party audits using indicators to assess our operation's environmental performance.
- Communicating the *Environmental Policy* to all persons working on behalf of the company as well as being transparent and open with our stakeholders.
- Working with our contractors to encourage them to reduce their own environmental footprint.
